

To whom that may look for beauty services

Since the first time visiting Lisa Nguyen beauty salon over 2 & ½ half years ago , every time I am there I felt extremely relaxed and welcomed, their prices is affordable and the treatments is invigorating, and, no wonder why I keep going back at least twice a month , as their regular client.

Their salon offer a big list of services , such as Micro- Oxytion , Facials, Massages, Waxing, Nails, Pedicure, Manicure , Body Therapy, Lashes extension, tattoo... many of which that I have experienced , and I have to admit all turn out to a great results.

Their customer services is absolutely good, after these many years each time I am warmly welcomed , by the team of lovely girls , they are so kind and treat me like a royal person with a great respect. They always help me with my needs and provide me superb services generally when I step to the salon, I have a lot of stress & am very tired , but by the time I am going , pleasure and relaxation is backed to me. There has been numbers of time that I was late, but still I received their services without questions.

I am very happy with my visit and truly recommend them to all of my friends and family, Lisa herself has always up to date informations on every beauty questions, few years ago I had almost given up to the fact that fecial can not help me to improve my skin until she prove me otherwise. Now getting facial is what I look forward, truly wonderful and enjoyable time, and not to forget having a shining face. Hey can't wait for my next visit and their Fantastic service,

I would highly recommend “Lisa Nguyen Beauty Salon” for all your beauty needs
